After much discussion of possible events to take place during the 100th Anniversary of our Church, we the committee would like to make the following recommendations. We realize that these recommendations may need to be adjusted depending on the final plans put forth by the 100th Anniversary committee.

1. We, the UOL, make a commitment to host the 71st UOL convention during the week of the 100th Anniversary celebration in South Bound Brook in conjunction with the events of the anniversary. It should be a shortened convention with business sessions scheduled for Wednesday and Thursday.

2. We have a member of the UOL on the anniversary planning committee. Preferably the President as this would be the most knowledgeable person concerning UOL activities.

3. Friday night: host a large event that will be able to generate sufficient funds to keep the UOL going for the upcoming year. Ruslana is a big name that could generate that type of money. We need to commit as soon as possible as Bishop Daniel is going to Ukraine and may be able to contact her as to her availability and her feelings on doing such an event. We can do a program to hand out to those attending the concert and sell some advertising, to generate some funds.
